

What is Oasis™?

- ✓ Oasis is a natural superabsorbent polymer that helps with moisture retention in especially dry areas.
- ✓ Oasis helps with the flow of soil amendments, allowing for them to all get to where they need to be more easily.
- ✓ Thus far Oasis has shown to be effective for all crop types.
- ✓ Oasis is Microplastic Free!

Why use Oasis™ in Agriculture?

- ✓ Oasis helps to mitigate temporal drought conditions.
- ✓ It can be applied with modernized agricultural equipment despite high humidity.
- ✓ Oasis can be easily applied with granular fertilizers.
- ✓ Oasis breaks down to be food for the plant and microbes in the soil.
